---

Thank you so much for your interest in SMART4ALL KTE First Open Call and welcome to our Frequently Asked Questions (FAQs). We hope these questions can help you solve your doubts about the application and submission process of KTE First Open Call.

This FAQs will be updated based on the questions we receive but, if you cannot find the answer you need here, please submit your question(s) through our SMART4ALL Online Community <https://spaces.fundingbox.com/c/smart4all-1> or to our Helpdesk [helpdesk.smart4all-project.eu](https://helpdesk.smart4all-project.eu).

This document refers to the KTE First Open Call project, which launches on Wednesday 15 April 2020, at 00:00 (CEST) and has a submission deadline on Wednesday 15 July 2020 at 13:00 (CEST).

Please refer to SMART4ALL website for more information about the project and to the Guide for Applicants (GfA) for further information about the call.

## 1 What is KTE about?

KTE stands for Knowledge Transfer Experiments. A KTE is a short 3-month internship experiment where a Sending organisation will send a member of its staff to a Host organisation based in a different country in order to transfer a certain knowledge related to the SMART4ALL technologies and verticals. Beneficiaries will be provided up to EUR 8,000 to cover mobility allowance for implementing the internship.

## 2 Who can apply to the KTE First Open Call?

The following types of organisations are eligible to participate in the call:

- **Universities and other Academic Institutions.**
- **SME and Slightly Bigger Companies**, as defined in the [EU recommendation 2003/361](#). Slightly Bigger Companies are defined respectively as organisations with a staff headcount below 500 employees and a turnover below €100M.
- **System Integrators and/or Technology Providers**, i.e. any type of organisation specialised in technology transfer or system integration, serving the needs of end-users, provided they can be categorised in one of the two previous types of beneficiaries.

## 3 Can two Academic entities apply to KTE First Open Call?

Any SMART4ALL Open Call requires that, at least, **one entity is an SME/Slightly Bigger Company** and that this entity is the **leading partner**. Therefore, two academic entities cannot apply together.

The possible combinations are:

Sending	Host
Academic	Industrial
Industrial	Academic
Industrial	Industrial

## 4 Can I apply if I don't have a company or I am not a staff member of any Academic / Industrial organisation?

No, you must own or take part of a legal entity to apply to this KTE Open Call. You must be a staff member, meaning:

- For an Academic Organisation:
  - **Early-Stage Researcher (ESR)**: a Researcher without a PhD and less than 4 years of experience;
  - **Experienced Researcher (ER)**: a Researcher with a PhD or more than 4 years of experience.
  - **Other researcher** (holding a Master's degree or higher) employed in third level education institutes, research infrastructures, non-profit organisations and charitable (scientific) foundations and public research centres.
- For an Industrial organisation:
  - **Managerial** staff
  - **Technical** staff
  - **Innovation** staff (i.e. Internet technologists)
  - **Other** staff

## 5 Can I apply if I am a collaborator of one of the partners of the SMART4ALL consortium?

No, applicants shall not have any actual or/and potential conflict of interest with the SMART4ALL selection process and during the whole internship program. All cases of conflict of interest will be assessed case by case.

## 6 Does the staff member have to spend the whole duration of the internship in the host organisation premises or can he/she spend some time in the sending organisation?

By its nature and its short duration, the staff member has to spend the 3 months in the host organisation premises. A proof of travel will be required (outbound and inbound), in the form of tickets of flights, trains or other means of international transport.

## 7 What is the technology and verticals behind SMART4ALL?

SMART4ALL focuses on CLEC, i.e. low-energy computing technologies applied in **four** SMART4ALL verticals with European leadership and strategic importance, including but not limited to the following SMART4ALL competence fields (see summarised table below, the complete one being available in the Guide for Applicants):

SMART4ALL VERTICALS				
SMART4ALL COMPETENCE FIELDS	DIGITIZED TRANSPORT	DIGITIZED ENVIRONMENT	DIGITIZED AGRICULTURE	DIGITIZED ANYTHING
		<ul style="list-style-type: none"> <li>• Green transport</li> <li>• Smart mobility</li> <li>• Shared mobility</li> <li>• Robotics</li> <li>• New platforms for efficient supply-demand matchmaking</li> <li>• Automotive electronics</li> <li>• Autonomous vehicles</li> <li>• Connected vehicles</li> <li>• Streamlining transport using big data</li> <li>• Aeronautics and space applications</li> <li>• Transport and Logistics</li> <li>• City Transport Mapping</li> </ul>	<ul style="list-style-type: none"> <li>• Smartbuilding</li> <li>• Smarthome</li> <li>• Critical infrastructure monitoring</li> <li>• Smart hospitals</li> <li>• Water pollution monitoring</li> <li>• Smartgrids</li> <li>• Energy management</li> <li>• Environment monitoring</li> <li>• Bio-diversity</li> <li>• Wild/migratory animals monitoring</li> <li>• Smart industry</li> <li>• Data processing &amp; data visualization</li> </ul>	<ul style="list-style-type: none"> <li>• Smart farming</li> <li>• AI inspired agriculture</li> <li>• Information based site specific applications</li> <li>• Demand driven, sustainable agriculture</li> <li>• Mobile plant, soil and environment sensors</li> <li>• Sensor networks – EU wide – cross-border</li> <li>• Field robotics and automation systems</li> <li>• UAV based agriculture and plant monitoring</li> <li>• Selective plant protection</li> <li>• Closed nutrient cycles</li> <li>• Agricultural decision support systems</li> <li>• Zero-energy food systems</li> <li>• Circular economy</li> <li>• Water, Energy and Food (WEF) efficiency</li> <li>• Revalorisation of agricultural waste</li> </ul>

				<ul style="list-style-type: none"> <li>• Disaster management</li> <li>• Digital heritage</li> <li>• Telemedicine</li> <li>• Rehabilitation, wellness, fitness</li> <li>• E-commerce</li> </ul>
--	--	--	--	--

## 8 Can my consortium apply if my proposal is about CLEC but our competence field is not included in the previous list?

Yes, you can apply, provided your proposal is focused on CLEC and you can prove it deals with one of the four verticals. As mentioned in the introductory sentence, the above list does not pretend to limit the competence fields, it is just a guiding list.

## 9 Is SMART4ALL going to address COVID-19? How?

SMART4ALL will pay special attention to CLEC applications facilitating COVID-19 management crisis and all aspects of life before, during and after such crisis, focusing on the four verticals described in question 7.

In this first KTE Open Call, proposals addressing current and future problems stemming from the COVID-19 crisis will be given **1 extra point** to the overall score, as explained in section 4.2 of the Guide for Applicants.

## 10 What countries are eligible for SMART4ALL?

For this KTE Open Call, the following countries will be eligible:

- the Member States of the European Union: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and United Kingdom<sup>1</sup>
- the Countries Associated to Horizon 2020 (those which signed an agreement with the Union as identified in Article 7 of the Horizon 2020 Regulation): the latest information on which countries are associated, or in the process of association to Horizon 2020 can be found at: [http://ec.europa.eu/research/participants/data/ref/h2020/grants\\_manual/hi/3cpart/h2020-hi-list-ac\\_en.pdf](http://ec.europa.eu/research/participants/data/ref/h2020/grants_manual/hi/3cpart/h2020-hi-list-ac_en.pdf)
- Any other South-East Europe (SEE) country not listed above but included in Annex A of the H2020 Work Programme.

Additionally, since one of the goals of SMART4ALL is to support the digital transformation in mainly European countries underrepresented in European funding schemes, by means of cross-border experiments, consortia including at least one member from one of the SEE countries will be prioritised: Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Greece, Hungary, Kosovo, Moldova, Montenegro, North Macedonia, Romania, Slovakia, Slovenia and Serbia.

Proposals including **at least 1 member of the SEE region** in their consortium will be given **1 extra point** to the overall score.

<sup>1</sup> For British applicants: Please note that during the Brexit transition (until 31/12/2020), EU law continues to apply to and within the UK, when it comes to rights and obligations; this includes the eligibility of UK legal entities to fully participate and receive funding in Horizon 2020 actions. Please be aware however that the eligibility criteria must be complied with for the entire duration of the grant. If the United Kingdom withdraws from the H2020 programme during the grant, you will cease to be eligible to receive EU funding (while continuing, where possible, to participate) or be required to leave the project.

## 11 Can a consortium apply if the two entities are from the same eligible country?

No, KTE and all the SMART4ALL experiment will be cross-border. In the case of KTE, the two members of the applying consortia must be from two different countries within the list of eligible countries.

## 12 Can a consortium or a member of a consortium submit more than one proposal?

Any legal entity will be able to apply to the first KTE Open Call in as many consortia as wished, but the staff member to be sent to the host organisation can only take part of one consortium.

## 13 What does the application form to the KTE Open Call include?

Proposals have to be submitted through the SMART4ALL microsite: <https://smart4all.fundingbox.com/>

Applications submitted by any other means will not be considered for funding.

All Applicants will be asked to acknowledge the Informed consent form – in order to submit the full Application.

The proposals – submitted through the online platform – will include the following sections:

- Contact info
- Information on Partner no. 1: SENDING organisation
- Information on Partner no. 2: HOST organisation
- Profile of the staff member from the SENDING organisation
- KTE key data
- Description of the KTE
  - (Scored) EXCELLENCE
  - (Scored) IMPACT
  - (Scored) IMPLEMENTATION
- Ethical issues, data protection and privacy
- Questions for statistical purposes
- Declaration of Honour and Absence of conflict of interest – acceptance
- Informed consent form – acceptance
- Processing of personal data – information clause acceptance

Additional material, which has not been included and specifically requested in the online application form, will not be considered for the evaluation of the proposals. Data not included in the proposal will not be taken into account. The SMART4ALL consortium makes its best effort to keep all provided data confidential; however, for the avoidance of doubt, the applicant is solely responsible to indicate its confidential information as such.

## 14 How long does it take to fill in the application?

In order to successfully fill in the application form you will probably need 1-2 days of writing, but we imagine that your team is composed of members specialized in their area of expertise you can divide and conquer. You'll be able to add contributors to your application so that each team member can tackle their application area and you will be done quicker.

Considering specific character limits have been established in each section of the online application form, we encourage you to keep your application focused on the requested information keeping in mind the challenges and domains covered by this 1st call.

We also recommend that you start the submission process quite before the deadline in order to avoid last minute circumstances.

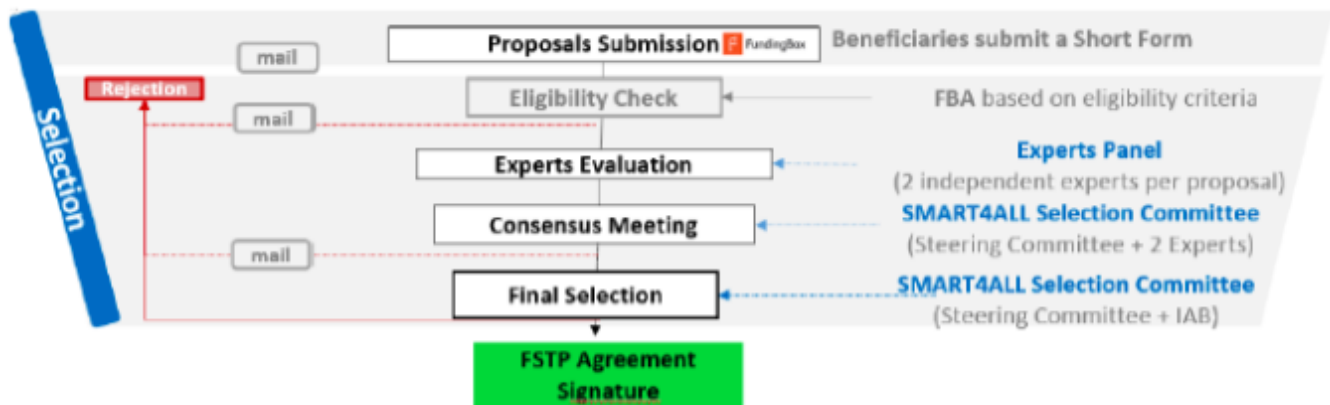

## 15 When is the deadline for my application submission?

Applications must be submitted by the closing time and date published in the open call. Only proposals submitted before the deadline will be accepted. After the call closure no additions or changes to received proposals will be taken into account.

**The deadline for this call is 15 July 2020 (13:00 CEST).**

## 16 What is the selection process procedure and how long does it take?

The selection process is as follows:

### General eligibility check:

A proposal will be considered eligible for evaluation if it meets the following conditions:

- the online proposal template has been completed as required,
- the proposal was submitted by the closing date as stated in the open call text, and
- the eligibility criteria set out in section 3 were met.

Proposals that do not fulfil all conditions will not be considered for evaluation.

### External evaluation

The proposals will be evaluated on the following criteria:

EXCELLENCE, IMPACT and IMPLEMENTATION. See more details in section 4.2 of the Guide for Applicants.

### Consensus phase

The consensus meeting will select the proposals awarded financial support.

### Formal decision

Formal decision of the financial support is subject to signing the SMART4ALL funding agreement. In case any consortium partner of SMART4ALL refuses to sign the funding agreement the proposal will be excluded from financial support. Instead, the first proposal, taken from a Reserve List of the top ranked proposals initially rejected, will replace the excluded one.

## Communication after the evaluation

Applicants will be informed on the results after the evaluation has been completed and the final decisions have been made. Applicants of proposals rejected will receive an email including the reasons for rejection.

### 17 Will all the evaluation criteria have the same weight?

Each evaluator will rank the application assigning a score from 0 to 5 for each criterion and produce an Individual Evaluation Report. The final score will be calculated as the weighted sum of the individual assessments provided by the Evaluators.

Applicants including **at least 1 member of the SEE region** in their consortium will be given **1 extra point** to the overall score (obtained by adding the three individual criteria)

To determine the final ranking, the weight of each criterion will be as follows:

Criterion	Score Threshold	Weight	Weighted threshold
Excellence	3	1	3
Impact	3	1.5	4.5
Implementation	3	1	3
Inclusiveness of SEE partners	1 extra point		
COVID-19 solutions	1 extra point		

**Ties** will be solved using the following criteria, in order:

- Number of partners from a SEE country in the consortium
- Impact score
- Excellence score
- Date of submission

### 18 What costs are eligible in KTE? Do we need to detail them in the proposal?

The total financial support per KTE includes only the following cost forms:

- Salaries or staff manpower needed to implement a granted specific KTE experiment;
- Necessary travel, accommodation and subsistence costs for the member of the staff of the Sending organisation to be sent to the Host one;
- Social security costs due by the Host organisation.
- Institutional environment requirements if any (hosting arrangement, infrastructure).

The cost breakdown has to be detailed in the proposal, since appropriateness of resources will be evaluated under the implementation criteria. Each consortium will need to explain in the online application form **how** the amount will be distributed between the partners and **what** category of costs each partner will be responsible for.

Please bear in mind the resources shall comply with i) the applicable national law and taxes, labour and social security and ii) the principle of a sound financial management regarding economy and efficiency. Therefore, before deciding on the distribution of expenditure in the project, attention should be paid to EU and national social security regulations. Social security costs should be borne by the partner who is obliged to do so under the abovementioned regulations.

Maximum total eligible costs will be EUR 8,000. The requested amount will be equal to the eligible costs and will be considered as a lump sum, i.e. they will be 100% eligible no matter the type of organisation.

## 19 Will each member of the consortium receive the funds we are requesting?

Each selected applicant will sign the Sub-Grant Agreement with the SMART4ALL consortium. The funds awarded under the Sub-Grant Agreement are provided directly from the funds of the European Project SMART4ALL, and are therefore funds owned by the European Commission.

As mentioned above, the consortia will be **free** to distribute the requested funds among the two partners.

However, the grant will be paid to the **Leading Partner** who will be responsible for its distribution within the consortium.

## 20 When will we receive the funds?

The SMART4ALL Financial Authority will make the payments to the Leading Partner of the KTE based on deliverable submission and approval by the SMART4ALL Mentoring Committee:

Deliverable	Submission date	Instalment (% of the lump sum)
Inception Report	15 days after Sub-Grant Agreement Signature	37.5
Interim Report	End of Month 2	25.0
Final Report	End of Month 3	37.5

## 21 Will we get a template of the requested deliverables?

Yes, the requested reports will be short documents that will follow a template provided to the selected experiments as an annex of the Sub-Grant Agreement.

## 22 Will a consortium getting funded by KTE be able to apply to subsequent Open Calls from the SMART4ALL programme?

Yes, any consortium or any member of a consortium will be able to apply and get funding to subsequent SMART4ALL open calls, including other KTE open calls.

The only restriction is that, in total, an organisation will be able to request an amount of EUR 100,000.

## 23 Does the 'de minimis' rule apply for KTE? Is there any additional restriction about funding?

No, the 'de minimis' rule will not apply in KTE nor any other SMART4ALL open call.

However, as per European Commission's rules, financial support will not be awarded to individual legal entities that have already received more than EUR 100,000 via open calls from H2020 I4MS (<https://i4ms.eu/>) and SAE (<https://smartanythingeverywhere.eu/>) projects.

This limited amount does not include any EC contribution that your organisation receives or has received within an EU-funded project (within FP7 or H2020) as a beneficiary. Participation as a beneficiary within EU-funded projects does not affect the participation in SMART4ALL open calls.

---

## 24 What type of support will be available to prepare the application?

The Guide for Applicants is the main reference document. It provides detailed information about the requirements of the evaluation and selection process.

For further information on the Open Call, in case of any doubts regarding the eligibility rules, the information that is to be provided in the Application Form, or if you encounter technical issues or problems with the Application Form, please contact SMART4ALL Helpdesk at [helpdesk.smart4all-project.eu](https://helpdesk.smart4all-project.eu).

The Helpdesk will also be available using the FundingBox Online Community in spaces at <https://spaces.fundingbox.com/c/smart4all-1>

H2020 Innovation Action – This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 872614
